

RESPONSIVE WEBSITES: MOBILE FRIENDLY SITES

Prepared for Google Mobilegeddon?

Google's latest algorithm update favors mobile friendly websites or **responsive design websites** in search results. Numerous unprepared businesses lost traffic.

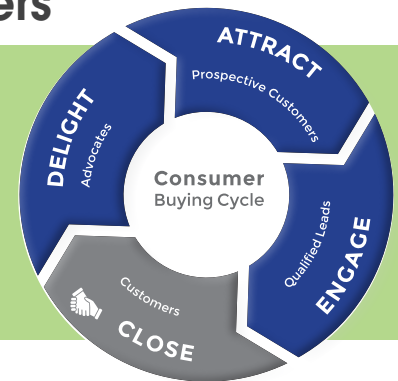

"Imagine how hard it is to run a business when you see **22% of your traffic evaporate overnight.**"
Paul Edmondson, CEO of Hubpages

Engage with Current and Potential Customers

Attract and engage consumers as they research potential purchases online with a responsive design website and online video.

Delight your customers with social media posts, and watch them spread the word about your business.
