Put advanced technologies  
to work for your growing business.

It's easier than you think  
**with Core Connect.**

When your expanding business is outgrowing its current technology, Core Connect helps you keep the momentum going. You get advanced phone, Internet, e-mail and Web site technologies.

Core Connect offers everything you need, including the convenience of a single provider. We've created three tiers of technologies that keep pace with your business today and as it continues to grow.

Best of all, choosing the right one for your business is as easy as 1-2-3.

## CORE CONNECT® 1

For companies with a few key employees

### Core Connect 1 includes:

- ✓ Unlimited local and domestic long-distance phone service
- ✓ Internet connection speeds of up to 7 Mbps, with optional upgrades to 12, 20 and 40 Mbps in select areas
- ✓ Web design templates, up to 10 search-optimized pages, vanity domain name registration and 5GB of Web storage
- ✓ Web mail and Microsoft® Exchange e-mail

**Core Connect 1 has the phone and Internet services you need to stay on top in today's competitive world. Get everything you need in one simple package, for one easy price.**

**If you want to save on calling:** Get unlimited calling anywhere in the U.S.

**If you're tired of waiting for large files to download:** Enjoy super-fast Internet that downloads files, even photos and videos, faster than ever. Web pages load faster, too.

**If your business could use more of an online presence:** Create a professional-looking Web site with easy-to-use templates.

**If you'd prefer a more professional e-mail address:** Get an e-mail address personalized with your domain.

**Make your business easy to find on the Internet with an Instant Business Broadcast free online profile:** This profile will ensure that critical information about your business will be available to anyone who searches for it on the Internet.

# CORE CONNECT® 2

Supports up to 46 employees

# CORE CONNECT® 3

Scalable, to grow with your business

## Core Connect 2 includes:

- ✓ Scalability, to let you add bandwidth as your business grows
- ✓ 2 Microsoft® Exchange e-mail addresses and up to 20 outgoing fax over e-mail pages per month
- ✓ Network equipment rental
- ✓ Save when you call between subscribers on the CenturyLink™ IP network at no additional charge
- ✓ Flexible, to add lines to grow with your business
- ✓ 100% network availability goal\*

Upgrade your existing phone system without having to buy new equipment, and get a dedicated Internet connection for consistent connection speeds.

## Core Connect 3 includes:

- ✓ Dedicated Internet connection speeds, with higher bandwidth available
- ✓ 2 Microsoft Exchange e-mail addresses and up to 20 outgoing fax over e-mail pages per month
- ✓ Network equipment rental, including router, IP PBX platform (Internet-based phone system), advanced features and 5 IP phones
- ✓ Save when you call between subscribers on the CenturyLink™ IP network at no additional charge
- ✓ Scalability for your growing business

Core Connect 3 is an advanced Internet Phone (IP) system that comes with scalable bandwidth to meet the needs of your growing business.

## BENEFITS OF BOTH CORE CONNECT 2 AND 3:

### If you'd like to avoid having to buy all-new equipment:

Core Connect 2 works with most existing phone systems, while Core Connect 3 includes new equipment.

**If you'd like to save more on calling:** Enjoy unlimited local service using Voice over Internet Protocol (VoIP) as well as unlimited calling between your business locations on the CenturyLink™ IP network.

### If your business has multiple locations and you want them

**to function as one:** Put your locations on the same network, so they work together seamlessly and share resources when appropriate. Unlimited calling between locations on the CenturyLink IP network is also included.

**If you need reliability:** Enjoy a 100% network availability goal with both Core Connect 2 and 3.\*

\*Credits based on cumulative hours.
